SPOTLIGHT ON EXCELLENCE- THE NATIONAL FOOD, DRINK AND HOSPITALITY HEALTH AND SAFETY AWARDS

10TH OCTOBER 2007

This new awards scheme is being staged by the Institute of Occupational Safety and Health (IOSH), supported by the Food Manufacture Health and Safety Forum, which includes the Health and Safety Executive. They are looking for an innovative project that's made a real impact on a health and safety problem in the food, drink and hospitality sector.

These awards aim to stimulate original thinking in the food, drink and hospitality industry and there are two awards. One is open to health and safety advisers, occupational nurses, hygienists, ergonomists, engineers and process operators. The second award is open to safety representatives and employee representatives working in the sector.

The two winners will each receive a trophy and £500, which will be presented at the Food Manufacture Health and Safety Conference dinner at the Campden and Chorleywood Food Research Association on 10th October 2007.

The closing date for entries is the 1st August 2007, therefore for further information on the awards please [click here](#)
