

MYTH OF THE MONTH

Any reports of Alf's retirement are as wide of the mark as you could get. A lifelong experience in the fishing and frozen food industries will not be allowed to wither on the vine. Alf fully expects to continue to be very active once his spell as Director-General comes to an end. Those wanting to use his services need to be quick off the mark. Alf has sold out luncheons and dinners for many years on a 'first come - first served' basis, but I suspect he may want to be a little more selective now on what he chooses to do next.
