

BFFF PROPOSES STRATEGIC TEMPLATE

BFFF set up a Strategy Setting Group in November of last year to examine what our current strategies are and what they need to be to take the Federation forward. I have recently written to all our members to include a copy of our strategic template for their consideration and for further review once their views have been heard.

As part of the process, we will be sending out a membership survey to establish exactly which services our members believe should be offered by BFFF and what our strategic priorities should be.

I do hope that you can find the time to complete this survey as your views are crucial in helping us determine the services that we offer and where we should devote our resources and our priorities.
