

FREE AND IMPARTIAL ADVICE- WORKPLACE HEALTH CONNECT

Although we brought 'Workplace Health Connect' to the attention of our members in June last year, we felt that it would be worthwhile reminding all members that this free service is still available to all SME companies.

- **What is Workplace Health Connect?**

Workplace Health Connect is a government funded service providing confidential, practical and free advice to small businesses (with 5 to 250 workers) in England and Wales on workplace health and safety, management of sickness absence and return to work issues. By calling their Adviceline (0845 609 6006) they can:

- Help you understand your health and safety responsibilities
- Help you ensure your business is a safe place to work
- Help you to put things right

- **Would a Visit Help?**

If you are an employer in Wales or selected parts of England, they can also arrange an on site visit by one of their specialist advisors to look at your help and safety problems in depth.

- **Further Information**

For further information on the Workplace Health Connect service contact Workplace Health Connect directly on 0845 609 6006 or visit their website www.workplacehealthconnect.co.uk
